

Facial Plastic Surgery

M Physicians Hilger Face Center

Jenna Van Beck, M.D.; Peter Hilger, M.D.; Sofia Lyford-Pike, M.D

Your face is how you interact with the world - to be able to favorably influence that dynamic is powerful. Who you choose to work with to achieve your aesthetic or reconstructive goals is an important decision. Our doctors, Sofia Lyford-Pike, MD, Jenna Van Beck, MD, and Peter Hilger, MD, are all top-of-their-field, board-certified facial plastic surgeons trained at the best medical institutions and consistently selected by their peers as Top Docs.

At the University of Minnesota Physicians Hilger Face Center in Edina, MN, the face is our exclusive focus. It's why patients have been seeking out our expert care for over four generations. Every face is different so we employ state-of-the-art 3D video imaging which is an effective communication tool to assist with clarifying your priorities for change and generates a visual representation of your care goals.

We are your one stop shop for all things face. Whether you need surgery on your face, or you desire it, you'll want to be where legacy, expertise, and innovation meet - at the M Physicians Hilger Face Center at 50th and France. Book your consultation today at thefacecenter.org
